*Attorney for Plaintiff*

**UNITED STATES DISTRICT COURT  
DISTRICT OF NEW JERSEY**

EDWIN POLYNICE,

*Plaintiff,*

vs.

NEW JERSEY DEPARTMENT OF  
CORRECTIONS, et al.,

*Defendants.*

Docket No. 2:19-cv-16875-MCA-LDW

**Civil Action**

**REPLY CERTIFICATION IN SUPPORT  
OF MOTION TO AMEND**

I, Michael Poreda, being more of 18 years of age do certify as follows:

- 1.) I represent the Plaintiff in this case.
- 2.) I have been representing plaintiffs who experienced medical mistreatment in the custody of the Department of Corrections since 2019. As a result, I learned that (1) Rutgers University – University Correctional Health Care is an entity that staffs the medical units at New Jersey State prisons; (2) Rutgers does not let inmates know about its role or existence, leaving many inmates to believe – understandably – that the Department of Corrections is the true entity responsible for their healthcare; and (3) the Department of Corrections exerts physical control over the day-to-day operations of Rutgers – UCHC.

- 3.) This action seeks compensation for an accident and subsequent failure to diagnose and treat the resulting injury.
- 4.) That injury occurred on October 1, 2017.
- 5.) The injury occurred at Northern State Prison, a property owned by the New Jersey Department of Corrections.
- 6.) A Tort Claim Notice regarding the accident was filed within 90 days of the event.
- 7.) The original Complaint, attached hereto as **Exhibit A**, was filed on the eve of the closing of the statute of limitations period. It was filed on August 19, 2019 by Joseph Lento and Lisa Pietras of the Optimum Law Group. (See ECF No. 1).
- 8.) The Complaint alleged two factual theories of liability. First, it alleged that the Plaintiff was forced to utilize a top bunk in spite of his bottom bunk restriction, proximately causing his accident. (**Exhibit A**, Complaint at ¶ 21-24). Second, the Complaint alleged that the subsequent medical care was inadequate. (**Exhibit A**, Complaint at ¶ 32).
- 9.) The drafters of the Complaint were aware that there might be an unknown medical contractor responsible for the inadequate medical care. They named, under the “Parties” of the Complaint, a fictitious party, “Health Services Unit for the Department of Corrections for the State of New Jersey with corporate offices located at 168 Frontage Rd, Newark, NJ 07114.” (**Exhibit A**, Complaint at ¶ 17). They apparently did not anticipate that the entity would be Rutgers – which has the unique and unusual position of being both the medical contractor for State prisoners and parolees, and an agency of the State of New Jersey.
- 10.) No discovery took place for over a year because the served Defendants filed a motion to dismiss on October 2, 2019. [ECF No. 9].

- 11.) With the motion still pending, I filed a substitution of attorney on March 6, 2020.
- 12.) On or about March 16, 2020, I served the Department of Corrections with a subpoena for Polynice's medical record from September 17, 2017 (about a week before the accident), through the present. **Exhibit B.**
- 13.) On May 28, 2020, the court issued an order substantially denying Defendants' motion to dismiss. [ECF No. 14].
- 14.) Due to a technical issue with PACER, I was not alerted to the decision and found its existence on or about July 3, 2021, when I became worried as to why I had not received any news on the case. I went to PACER and saw that a decision had been issued and that Defendants had answered. I worked with PACER to get the problem rectified. **See Exhibit E**, ECF. No. 18.
- 15.) I then attempted to get in contact with Mr. Polynice and discovered that he had disappeared into "temporary housing" within the Department of Corrections.
- 16.) When he finally emerged in mid-August, I learned that he had been at St. Francis Hospital for many weeks due to kidney failure caused by the negligence and deliberate indifference of Defendants. [ECF No. 18].
- 17.) Specifically, his kidneys failed when he experienced a month-long gap in access to his prescription blood pressure medication, a problem that is endemic at the New Jersey Department of Corrections.
- 18.) On August 23, 2021, Plaintiff filed a motion to amend the Complaint. [ECF No. 22]. This proposed Amendment, attached hereto as **Exhibit C**, sought to 1.) add a claim for disability discrimination against the Department of Corrections based on the failure to allow Plaintiff to use a bottom bunk; 2.) re-name the fictitiously pled "Health Services

Unit for the Department of Corrections” as “Rutgers University – University Correctional Health Care.” 3.) bring claims against Rutgers for causing Plaintiff’s kidney failure, and on behalf of a class of inmates who had experienced gaps in their prescription medications.

- 19.) A copy of the motion to amend was served on Rutgers, *See Exhibit D*, which had its attorney, Tom Pyle enter an appearance on September 14, 2020. [ECF No. 24]. Pyle asked the court to carry the motion one cycle. [ECF No. 25].
- 20.) In late August 2021, Edwin Polynice was released from prison.
- 21.) In reviewing the medical records with him, it became clear that I needed to see all of Polynice’s medical history in prison, not just from September 2017 onwards. This was because someone gave him a new pass to use the bottom bunk, suggesting that someone had revoked it at an earlier point in time.
- 22.) Plaintiff was not aware that his bottom bunk restriction had been revoked by Fedai, or anyone. He was under the belief that he still had the bottom bunk restriction.
- 23.) On October 20, 2020, a phone conference was held regarding the pending motion. At that conference, it was decided to terminate the motion due to: 1.) a persuasive argument from Rutgers that the claim for kidney failure should be a separate action; 2.) due to the fact that the viability of Plaintiff’s claim against Rutgers for failure to diagnose and treat the injury from the fall was dependent upon the diagnosis of the injury.
- 24.) At this conference, counsel for the Department of Corrections agreed to deliver a copy of the first part of Polynice’s medical records.
- 25.) The records arrived on or about November 24, 2021. Upon reviewing them, we learned that Polynice’s bottom bunk restriction had actually been revoked by Latifa Fedai before

he suffered his injury, which could account for the DOC's decision to place him on the top bunk.

- 26.) Plaintiff was not aware that his bottom bunk restriction had been revoked.
- 27.) At the case management conference held on November 24, 2021, the court ordered Plaintiff to circulate a proposed amendment to the other parties.
- 28.) I did so, and I informed the court that Rutgers objected on December 23, 2020. [ECF No. 37].
- 29.) The proposed Amendment explained Latifa Fedai's liability. Via the same letter, [ECF No. 37], I informed the court that Plaintiff might ultimately decide not to pursue a claim against Rutgers, depending on the outcome of his MRI. I proposed discussing the date of a motion to amend at the case management conference to be held on January 20, 2021.
- 30.) That conference was not ultimately held until May 3, 2021, at which time, Polynice still did not have MRI results. Therefore, it became incumbent upon Plaintiff to seek the amendment against Rutgers in order to preserve his rights against them.
- 31.) It has now been almost six months since Defendants' learned about Fedai's possible negligence in revoking Plaintiff's bottom bunk restriction.
- 32.) Attached hereto as **Exhibit F** and **Exhibit G** are samples of Plaintiff's medical record, specifically, his first doctor's visit after his fall, and the visit where Fedai revoked his bottom bunk restriction. Note that there is no reference to Rutgers on it.

I swear that the foregoing statements by me are true to the best of my knowledge. I understand that if any of the foregoing statements are knowingly false, I am subject to punishment.

ALL DEFENDANTS**

38. The allegations set forth in the preceding paragraphs are incorporated by reference as if fully set forth herein.

41. Defendant Northern State Prison, by and through Defendant Administrator George Robinson and other policymakers, negligently, recklessly, and/or intentionally:

**Re: Edwin Polynice v. New Jersey Department of Corrections, et al.**

Docket No. 2:19-cv-16875-MCA-LDW

Dear UCHC:

I represent Plaintiff Edwin Polynice, a former inmate at South Woods State Prison. Polynice's suit originally concerned an accident that occurred at Northern State Prison. Before this case advanced past pleadings, Polynice suffered kidney failure due to UCHC's custom of allowing prisoners with chronic care prescriptions to suffer gaps of days and weeks in between bottles of prescription medication. Because Polynice was hospitalized for so long, and was incommunicado during this period, I only found out about the kidney failure on August 14, 2020. A Tort Claim Notice was filed on UCHC via fax on August 18, 2020.

Pursuant to Judge Wettre's preferences, I am supposed to seek consent to Amend the Complaint. Please confer with your counsel, and have your counsel let me know if you will consent the amendments.

Sincerely,

**Re: Edwin Polynice v. New Jersey Department of Corrections**

Docket No. 2:19-cv-16875-MCA-LDW

Dear Judge Arleo:

Since filing my substitution of attorney in March, I have received no notifications about action on the docket. I found out that an opinion on the Defendants' motion to dismiss had been renedered serendipitously, when I saw it cited in another judge's opinion in another case I am working on.

After contacting ECF's helpdesk for about a week, I got a written confirmation today that the issue had been resovled. My purpose in sending this letter to make sure that the notifications are actually working.

Sincerely,

Michael Poreda
